

## Data Security

---

### Use of your data

We adhere strict to the legal data protection regulations and use your data only for purposes, to which we are entitled. We will process, store the data in the sense of the data protection acts, necessary for the business relation, to evaluate and use. We use their personal data for the completion of the purchase orders of the Webshops and possible complaints. Its email address is used by us only for reports to the orders and orders taken place. They are at any time a right to information over the data, those by us concerning your person to be stored as well as a right to correction, blockage and deletion of these data.

### Passing on of your data to third

All number us data e.g. name and address become coded sent. These information cannot be read during the transmission to us in the InterNet of unauthorized third. They recognize this by the closed safety lock in the status border of your InterNet Browsers. These payment dates are passed on in no case third. Excluded of it are our service partners, e.g. forwarding agency the assigned the supply of the order and Kreditinstitut assigned the zahlungsabwicklung. These cases passing the payment dates on is limited however to the necessary minimum.
